Simba Global

Our customers rely on us to deliver solutions for their hospitality requirements, supporting their businesses with high-quality products designed for today's comfort, tomorrows use and a better world in the future

The Simba Global difference

The Simba Global story started over four decades ago when our founder, Anil Somaia, took a leap of faith to make a better life for his family.

From his earliest days, Anil believed in the power of authenticity and generosity. Today, the promise of building up others is woven throughout our entire global operation.

Ultimately our success is built on the success of our clients and when they have a win, we are the first to congratulate them. We proudly stand beside our clients and suppliers while proactively looking for new ways to move toward success together.

Family is our foundation and our motivation. Our focus on family defines our commitment to corporate responsibility. Acting with family in mind means we invest and act on sustainability practices and ethical sourcing — for our family, the families of our employees and the families of workers in our supply chains.

Nationwide distribution

Over 40 years of logistics experience and expertise.

With a global network of warehouses and teams located in capital cities across Australia, New Zealand, Asia, and the Middle East, we ensure just-in-time distribution for our clients

Our state-of-the-art warehouse management systems coupled with sophisticated demand planning capabilities allow us to provide our clients with complete visibility over the entire supply chain. We can also tailor distribution solutions depending on our clients preferred model of supply.

Using virtual warehousing technology and full integration with our clients, we become the logistics extension to their business. Our platform has been developed over many years of working closely with our clients to achieve their strategic objectives and continually provide them with a competitive edge of reliable service and speed.

Speak to experts who can help you with your textile problems. Excellent customer service, that's our promise to you.

Zip-Able Range

Purpose-Built Solutions for King Split Hotel Beds.

Simba Global's new Zip-Able bedding range delivers a smarter approach to king split bed management, engineered specifically for Australian hospitality operations.

Economic Benefits

Reduced housekeeping time

Zip-on, zip-off design eliminates fitting traditional sheets on split configurations, cutting bed-making time significantly.

Lower labour costs:

Faster room turnover means more rooms ready per shift.

Extended linen life:

Base components remain on the mattress, reducing wear from constant removal.

Ergonomic Advantages

Eliminates repetitive lifting and reaching, a critical factor as housekeeping staff face increasing physical demands.

Simplified assembly reduces strain injuries, the most common workplace injury in hotel housekeeping.

Unique Simba Features

Individualised room labels:

Custom labelling ensures the correct bedding returns to designated rooms, maintaining consistency and simplifying inventory management.

Easy assembly system:

Intuitive zip connection allows rapid conversion between twin and king configurations for flexible guest accommodation.

The Simba Global difference: Solutions developed alongside hotel operations, by people who understand hospitality.

Green Left and Right Label System for Effortless Efficiency

Commercial Grade Zip Built for Heavy-duty Washing

Faster Housekeeping Lowers Labour Costs

Designed to excel in form and function
